Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant argues Sklarew does not teach a method for generating and association with regard to information by means of a hand held device arranged to sense the absolute position coding pattern characterized by sensing when the handheld device passes over a discontinuity in the absolute position coding pattern. Examiner agrees to withdraw the final rejection. However, the examiner asserts the claims are so broad that they could be read on a barcode system when a barcode machine could read a barcode that senses. We also discussed the discontinuity, prior art, and finally examiner has suggest to put claim 2 is allowable if include in element of claim 1.
